What I've Done

Web Developer 2012 - Present

- Full stack JavaScript: Node, Express, Mongo on backend
Frontend focused on beautiful UI and simple UX
- Believe in using vanilla JS until a framework is actually needed
- Constantly learning the newest technologies and best practices
- Active in the community and meetups

Teaching Assistant | Portland Code School 2015 - Present

- Volunteer to help teach web development foundations: HTML, CSS, JavaScript, Git, Terminal

Helpdesk Technician | Turner Investments 2012 - 2014

- Support - Use Salesforce to monitor/maintain tickets; Primary contact for employees; software / hardware troubleshooting, vendor relations

Appalachian Trail Thru-Hike 2012

- Backpack 7 days a week, across extreme terrain/weather, 2000+ miles
- Learn invaluable skills: self-motivation, determination, commitment, discipline, goal setting, and the sheer will to succeed

Misericordia University | Technician 2007 - 2009

- Manage & upgrade campus cable/internet infrastructure
- Tech support for everything but the kitchen sink

Stonewall | Caddie 2008 - 2013

- Build rapport, develop/maintain relationships with partners and guests
- Cater to, and fulfill, the needs of club partners; network

York College of Pennsylvania 2011

- B.S. Computer Information Systems

Startup
Weekend

What I Believe

Start with WHY.

Be passionate.

Do something that matters.

Never be content.

Be different.

Never stop learning.

Put others first.

Listen.

Anything is possible.

Get outside.

“People don't buy WHAT you do, they buy WHY you do it.
And what you do simply proves what you believe.”
